MESSAGE FROM THE PRINCIPAL

On behalf of Barkhetri College Fraternity, I would like to welcome all of you, coming to learn various new things with pure heart and soul from various corners of Barkhetri area mainly from Char areas. The college which has to suffer many obstacles in order to exist and now in a reckonable position by dint of many philanthropist like Sheikh Mobarque Hussain, founder principal of Barkhetri College, is now a full fledged institution of higher learning with both Arts and Science stream. It has good number of students and well qualified as well as experienced faculty members. The college has a stock of over ten thousand books of different nature in our library to carry out academic journey for aspirant students. The library is also equipped with other modern amenities.

Every Science department has well equipped laboratories to carry out laboratory experiments to fulfil their course. The college has also set up new computer laboratory, which will be usable for newly admitted students. Moreover, college has introduced two new vocational courses, namely (i) Beautification and make up & (ii) Computer education made as per the concept of public private partnership with ABIDA.

Over the years, thousands of students have passed out from our college with new zeal to join the public life.

I sincerely hope that when you join the college you will also strive hard to emulate your potentiality in coming days. I once again welcome you all to our college.

Dr. Bhaskar Kalita
M.Sc., B.Ed., M. Phil, Ph.D.
Principal, Barkhetri College

COLLEGE PROFILE

Barkhetri College was established in 1983. It is a long story of the most determined struggle, selfless, dedicated service and sacrifices made to the cause of education by some distinguished persons, teachers under the guidance and leadership of Sheikh Mobarque Hussain who was also the founder Principal of the college. Two parts of a course under FYUGP – (a) Core courses (b) Common courses

Highlights throughout the years

First year (Semester I & II): Three different core subjects (one paper of each subjects per semester) + a host of common subjects as per UGC's Curricular Framework.	
Second Year (Semester III and IV)	
Semester III: Declare one of the core subjects as Major and other two as Minors. Note: One may change a Minor subject in third semester with some conditions.	Semester IV: Only Major subjects will continue. Major will have at least four papers, some of which may be elective depending on the subject concerned. Note: One may get option to change the Major to any one of the other two Minor
Third Year: Major subject will continue, and a full set of 15 papers has to be completed.	
Fourth Year: It will contain advance courses which will be at the level of initial Master's degree papers. Besides, there is opportunity of engaging into research work with the faculty members.	

New Unique Features of FYUGP

Open Core Credits

From fourth to Sixth semester, Students will have time for 4 optional open core credits per semester, which one can utilise to study either of the Major or two Minors. They can also come handy, if one had changed a Minor subject in between.

Double Major

Students can convert one of the Minors to a second Major by the time one completes 3 or 4 years of study by taking some extra online courses (from designated sources only) related to the Minors. In this case, one will have a Bachelor's Degree with Double Major.

Prerequisites, Requirements & Constraints

The **prerequisites** are subjects that a student *must* have studied (and passed) in an earlier level of education (usually Class XI & XII) in order to be able to choose a subject.

In contrast to the prerequisites, **requirements** are certain conditions attached to some core subjects. For example, if a student wants to study Botany as a core subject, Chemistry as another core subjects has to be chosen. This is a 'requirement'. However, if one chooses Chemistry, there is no requirements.

Constraints refer to the maximum number of subjects a student can choose from a particular subject group. For example, one can choose a maximum of any two subjects from the group.

Below are the list of prerequisites, requirements and constraints for each Subject group
